

# MARKER DEVELOPMENT AND CUT ORDER PLANNING

This training provides occupational knowledge and skills of the various techniques and concepts in cut order planning and generating markers. It aims to equip participants with the skills and fundamental knowledge to generate a cut order plan and with the assistance of using CAD marker making software. Participants will be able to compute cut order plan, generate markers and calculate fabric consumptions. This unit is delivered through lectures, demonstration and hands-on activities.

## PERFORMANCE OUTCOMES

- Generate ratios using manual permutations or with CAD marker making software
- Generate markers manually or with the assistance of CAD marker making software
- Calculate fabric usage
- Analyse yield based on markers generated to meet cost objective
- Suggest cost efficiency through efficient material consumption and pattern engineering without negative impact on quality

## ENTRY REQUIREMENT

- Currently working in the apparel industry or aspire to work in the apparel industry
- Possess university, diploma or high school certificate
- Ability to read, write and comprehend English proficiently
- Basic computing skills and knowledge of Microsoft office
- Able to identify patterns & numbers required per garment

## COURSE FEE

<b>Non-GMAC Members</b>	USD\$380.00
<b>GMAC Members</b>	USD\$330.00

## COURSE DURATION

<b>Training Hours</b>	32
<b>Assessment Hours</b>	3
<b>Total Hours</b>	35

## GRADUATION REQUIREMENTS

Student must fulfil the following requirements:

- 75% attendance rate of total training hours per module
- Assessed and be competent for every module

## CERTIFICATE ISSUANCE

Upon successful completion of the course, student will be awarded the CGTI Certification which is nationally endorsed and recognised by industry partners.

## ATTITUDE AND KNOWLEDGE

- Principle of marker making
- Functions of CAD marker making software
- Pattern components of basic garments
- Cutting department processes and quality requirements
- Fabric characteristics that have an impact on marker
- Material defects and wastages allowances
- Checks, stripes, pattern matching requirements
- Methods of fabric laying
- Types of markers

## WHO SHOULD ATTEND

- Assistant Designers to Design Directors
- Product Development Executives and Managers
- CAD Marker Technicians
- Pattern Drafters
- Garment Technicians
