

# LEAN THINKING

The lean journey is similar to a marathon without a finish line. It's "change the mind" rather than "change the line". With today's rising costs and competitive market, this course will introduce you to the world of lean and how it can help to change the way you think and do things. This course provides an introduction to lean and gives you the foundation to develop future projects implementing lean in your workplace. When concepts are implemented as strategies, participants can be assured of higher productivity at work, reduction in the cost of the operations and an increase in profit margins. There will be a simulation of a production line to identify and eliminate wastes streamlining processes to improve productivity.

## PERFORMANCE OUTCOMES

- Comprehend the concept of lean thinking
- Build lean mindset
- Identify the current state of most apparel organizations
- Manage operations via Pull vs. Push and Just In Time vs. Just In Case
- Remove roadblocks to create continuous work flow
- Categorize value add activities
- Identify and eliminate all forms of wastes
- Use various lean tools

## ENTRY REQUIREMENT

- Currently working in the apparel industry or aspire to work in the apparel industry
- Possess university, diploma or high school certificate
- Ability to read, write and comprehend English proficiently
- Basic computing skills and knowledge of Microsoft office

## COURSE FEE

<b>Non-GMAC Members</b>	USD\$207.00
<b>GMAC Members</b>	USD\$180.00

## COURSE DURATION

<b>Training Hours</b>	12
<b>Assessment Hours</b>	2
<b>Total Hours</b>	14

## GRADUATION REQUIREMENTS

Student must fulfil the following requirements:

- 75% attendance rate of total training hours per module
- Assessed and be competent for every module

## CERTIFICATE ISSUANCE

Upon successful completion of the course, student will be awarded the CGTI Certification which is nationally endorsed and recognised by industry partners.

## ATTITUDE AND KNOWLEDGE
